

LEVEL GAUGES

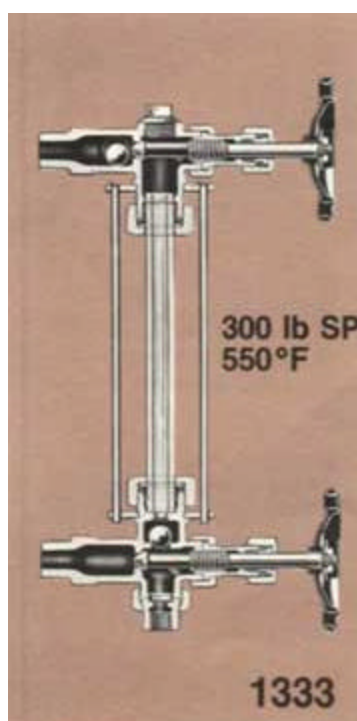

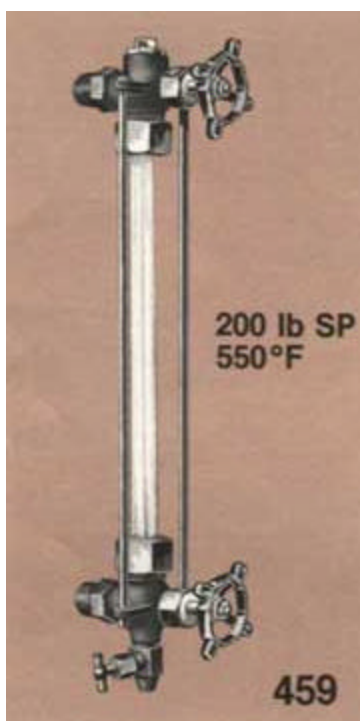

WATER

Lunkenheimer 200 lb water gauges are made of ASTM B61 type S-1 steam bronze. They are non-automatic. Needle type drain valves in lower bodies have plain nose outlet and 1/4" pipe threaded male inlet.

Lunkenheimer 300 lb water

gauges have bodies of ASTM B61 Type S-1 steam bronze.

Automatic hand-operated valves are supplemented in upper and lower bodies by ball check valves which close if glass is broken, allowing operator a safe approach to shut off valve.
